## EDUCATION

Year	Degree	Institute	GPA
2020 – present	B.E. in Electronics and Telecommunication	Army Institute of Technology, Pune	8.55 SGPA
2018 – 2020	Intermediate Education	Sri Chaitanya Junior College	9.5 SGPA

## WORK EXPERIENCE

### Web Development Intern -Bharat Intern

April 2023 – May 2023

- Developed and maintained responsive web applications, and landing pages that are SEO-friendly. Implemented Firebase database to streamline data storage and retrieval processes, reducing data access time by 50% and enabling real-time updates for seamless user experience.
- Gained understanding of MVC architecture, Firebase database, Bugs removal.

### Joint Secretary – AIT Coding Cell

July 2021 – July 2022

- Organized and coordinated highly anticipated inter and intra coding events, including Crack and CoDeft, engaging students in challenging coding competitions and promoting their problem-solving skills.

**Skills Gained:** Leadership and Time Management, Communication and Collaboration, Teamwork.

## PROJECTS

### RealTimeChat [ React Chat Application]

- The Real-Time Chat Website allows users to engage in real-time text conversations, send multimedia (photos and videos), update their profiles, and authenticate to access the chat features.
- Used Google Firebase for user authentication, authorization and to store users data.

**Tech Stack:** ReactJs, HTML, SCSS, Firebase, Git and GitHub, Bootstrap.

### MyRemainder [ React Remainder Application]

- Created a remainder web application that allows users to create and manage reminders for various events and tasks. It leverages real-time capabilities to send WhatsApp notifications as reminders for these events.

**Tech Stack:** NodeJS, ExpressJS, MongoDB and Reactjs, Twilio.

### MyContacts [ Contact Management Application]

- Designed a web application to help users store, organize, and manage their contact information. Users can add, edit, delete, and view contact details.

**Tech Stack:** NodeJS, ExpressJS, MongoDB and Reactjs.

## ACHIEVEMENTS

- Level 2 Qualified for Flipkart Grid 4.0 Hackathon.
- Solved 500+ Coding problems on various problem-solving platforms.
- Solved 80+ problems on Leetcode: Max Rating of 1399. Username [\[ saikiran5431 \]](#)
- Finalist in NANDIT and Impedance conducted by Technical Board.
- Finalist in VULCAN 2021 conducted in AIT.
- Credit Suisse Scholar of 2021 and 2022.
- Under Top 10 in NOCODE STARTUP challenge organised by OSS club ,AIT.

## SKILLS AND TECHNOLOGIES

**Languages:** C++, Python, HTML, CSS, JavaScript.

**Tech Stack:** React, Socket io, Material UI, Firebase, Bootstrap, MySQL, Visual Studio Code, GitHub.

**Subjects:** Object Oriented Programing, Data Base Management System, Operating System, Data Structures and Algorithms.

## INTERESTS AND HOBBIES

- Branch Lead for the Chess game in Sports Akriti.
- Participated in an IoT workshop hosted by CopperCloud IoT.
- Passionate about badminton, utilizing leisure time to stay active and competitive.
